Setting the corresponding parameters

Alpha direct thermostat 55 Matrix · https://faqdoc.info/en/systemauswahl/alpha-direct-en/alpha-direct-thermostat-55-matrix/setting-the-corresponding-parameters/

Overview of the possible parameterization using the menu items

Preliminary note:

Only menu items that enable logical operation of the device with existing settings are displayed.

All other menu items are hidden until adjusted.

The menu items are marked according to their scope:

	Electric heating
	Water-based underfloor heating and cooling

The menu of the thermostat is divided into two levels:

1. Parameter settings that can be made by the end user.
2. Parameter settings that should only be performed by authorized personnel.

Functionality of the touch keys

/	press shortly	Navigation between functions
	press shortly	Confirm function / setting
	press (2 sec)	Exit selected function*

	press and hold (5 sec)	Open menu

* If the selection of a menu item is not changed within approximately 10 seconds, the display will return to the menu item.
