Data security

Alpha Smart cloud · https://faqdoc.info/en/systemauswahl/alpha-smartware-en/alpha-smart-cloud-en/is-data-traffic-in-the-cloud-secure/

Is data traffic in the cloud secure?

Any data traffic from the IoT gateway to the Alpha smart cloud or from the Alpha smart cloud to the OEM Alpha smart app is encrypted.

In this case, the security features are identical to those applied to online banking.
