Gateways per location

Alpha Smart IoT gateway · https://faqdoc.info/en/systemauswahl/alpha-smartware-en/alpha-smart-iot-gateway-en/can-several-gateways-be-integrated-in-one-place/

Can several gateways be integrated in one place?

Yes, several gateways can be integrated in one place. Therefore, a wider wireless range can be covered within a building.

Please note that it is mandatory to claim at least one gateway per app location.
