Gateways per app

Alpha Smart IoT gateway · https://faqdoc.info/en/systemauswahl/alpha-smartware-en/alpha-smart-iot-gateway-en/can-several-iot-gateways-be-trained-in-the-app/

Can several IoT gateways be trained in the app?

In the app, users can train several IoT gateways. Therefore, you can even install gateways in two or more places and use the devices connected in one app.

Please note that it is mandatory to claim at least one gateway per app location.
