Alpha Smartware room control devices Downloads

Alpha Smart system downloads · https://faqdoc.info/en/systemauswahl/alpha-smartware-en/alpha-smart-system-downloads-en/alpha-smartware-room-operating-unit-downloads/

The **Alpha Smartware room-control device Display** and **LED** records the room temperature and humidity in the room and transmits control parameters to the base station for underfloor temperature control. The settings are made using the setpoint adjuster on the **Alpha Smartware room control device display** and the touch buttons on the **Alpha Smartware room control device LED**. Settings are visualised on the display. Optionally, the room-control devices can also be operated via the Alpha Smart app.

CE Declaration of Conformity, Alpha Smartware room control device display | RDS 61011-Nx: http://asw-roomcontrol-device-led.compliancedoc.info
